SACRAMENTO GOOD WILL TOUR SUCCESS

Sacramento Men Learn Many Things About Nevada County

Bringing a message of good will and co-operation, about 50 members of the Sacramento Chamber of Commerce visited Nevada City and Grass Valley Tuesday, the visit culminating in a banquet at the Memorial Hall in Grass Valley Tuesday evening at seven o'clock.

The Sacramento boosters were traveling in two of the large Greyhound buses and arrived in Nevada City about three o'clock. The Nevada City high school band was on hand and played a number of selections from the balcony of the National Hotel. Nevada City business men and members of the local chamber of commerce, met the visitors, who remained about an hour in the county seat and then returned to Grass Valley, where they stayed at the Bret Harte Inn until the banquet was announced.

The banquet at the Memorial Hall was attended by over 100 people, including the visitors and members of the Grass Valley and Nevada City chambers of commerce.

During the course of the banquet, which was presided over by E. K. Smart, past president of the Grass Valley chamber of commerce, many fine speeches were made by members of the different boost organizations. The first speaker, Judge Raglan Tuttle, took up the highway problems of Nevada county. Judge Tuttle dwelt on the importance of completing the Taho-Ukiah highway and urged the co-operation and assistance of the Sacramento residents.

Fred M. Miller, Grass Valley mining engineer, gave the visitors a graphic and interesting talk on the mines of Nevada county. Mr. Miller stated that there are some 80 miles of gravel channels in this county which are rich in the precious metal. He mentioned the long productivity of local mines, with the North Star still operating at a depth of 9,300 feet.

Barker Makes Fine Speech

Edgar E. Barker, well known mining engineer who has traveled all over the world in practicing his profession, made one of the best talks of the evening and displayed a comprehensive knowledge of world economic conditions and the effect that going off the gold standard by some foreign countries, has had on world trade.

Jack Wolff, of Grass Valley made a very fine talk on the recreational advantages of the mountain district of Nevada and Sierra county. He told of places where scenery and outdoor attractions in this district rival the most famous attractions in the world.

Water For Sacramento

Judge George L. Jones, former superior judge of Nevada county, told the Sacramento visitors that Nevada county has an unlimited supply of pure mountain water and that the Capitol City might well consider the advisability of seeking a supply in this district. Judge Jones stated that this water has been brought to a point only 28 miles from Sacramento.

The banquet was served by Larry Moore's Coffee Shop of Grass Valley and was a model of good service and excellent cooking.

The personnel of the party from Sacramento was as follows:

H. H. Hill, A. E. Goddard, E. Balch Moor, Vernon S. Dallman, E. L. Harris, Harry Duke, B. L. Lancaster, J. P. Seagrave, Carl Lamus, George W. Neubourg, Harold J. Thielan, M. C. Boltz, C. E. Spear, W. B. Schaw, B. F. Netherland, R. C. Clifford, Verne A. Culver, Robert S. Hirsch, Wilbur H. Haines, C. B. Rogers.

George W. Artz, Fred L. Martin, J. B. MacDonald, M. S. Swanson, J. C. Hobracht, R. W. Morris, L. E. Gehan, Clyde L. Corcoran. L. T. Shamp, Clarence Breuner, J. L. Fithian, W. E. Hibbett, A. F. Snedden, J. O. Tobey, Rhuele Reitz, George L. Barnes, William G. Stone, Arthur S. Dudley, A. L. Schneider, A. J. Watts, W. P. Scott, I. H. Sefton, W. Loftus Jr., J. R. Wilson, Henry Spring, Bradley Riter and George A. Turner.

LOCAL POST OFFICE OPEN DECEMBER 25TH

In order to accomodate the many patrons of the office, the local Post Office will be open from 9 a. m. to 12 noon, Sunday, December 25th.

While star routes will operate as usual and mail to or from such routes is to be handled as usual, there will be no window service, and only the most necessary postal work will be performed.

Early mailing and the handling, distribution and delivery of all mail promptly as received are the greatest factors in handling the holiday mails. The public are urged to help make the Christmas program a complete success by shopping and Mailing as Early as Possible, so that parcel and letters may be delivered before the last day.

Also Christmas cards can be mailed in an unsealed envelopes for 1½ cents each. Do not seal the envelopes if you want mail to go at this rate. Do your Christmas Shopping NOW.

JACK CLARK'S REMAINS POSITIVELY IDENTIFIED

The bones found near the Truckee Summit last October, were positively identified last week as the remains of Jack Clark, lost about a year ago. A. J. Clark, of Mountain View, the dead man's father and Dr. Bernard of Truckee made the final identification. Clark was known to have had a slight fracture of the skull on the right side and one gold tooth. The remains found checked acurately with those details.

A sheep herder discovered Clark's bones in October. They had been scattered to a great extent by the mountain coyotes. Near the bones was found a Colt automatic.

The herder turned the information of finding the gun and bones over to Sheriff Carter's office in this city. Through investigation, Carter found that the gun had first been sold to the Salmon River Training Company at Spokane, Washington. From there it was traced to the Holley Mason Hardware Company of White Cloud, Idaho. The records of the Holley Mason people showed that they had retailed the gun to Clark. This tracing was done through the serial number of the gun. The Colt people number their guns and keep a record of their disposal as far as possibdle.

Clark, a laborer, was injured some time previous to his being lost. He was struck by a falling tree which rendered him blind in one eye and fractured his skull. The theory of his death is that he committed suicide by shooting himself between the eyes because of the handicap the injury imposed upon him.

SKI CLUB MEMBERS AT YUBA SUTTER LUNCHEON

Monday at noontime a representative group from the Nevada City-Grass Valley Ski Club journeyed to Yuba City and attended a luncheon given by the Yuba- Sutter County chamber of commerce. The event was one of the regular monthly luncheons given by that body at the Women's Club Building in Yuba City. There were between 60 and 75 merchants and business men present, most of whom were from either Yuba City or Marysville.

The local Ski Club was represented by eight members from Nevada City, namely, President Geo. Carter, A. M. Holmes, Robert Tharp, William Griffiths, S. Lee Leiter, Chas. Leiter, Edward C. Uren and George Callanan. These members promoted the Nevada City-Grass Valley Ski Club plan to the people of our neighboring counties. The reaction appeared favorable and many new visitors to this district are expected this coming winter season.

The completion of the Tahoe-Ukiah highway was also discussed at the noontime meeting. Speakers from both parties gave talks on both discussed subjects. Sheriff Carter, who is president of the Ski Club, told of the work that is being done on the Ski Club course to make the winter sports more enjoyable.

In all, the people of Sutter and Yuba counties seem to be very friendly toward the Ski Club in this district.

U. S. Chamber of Commerce Man Says Nevada County is 'Bright Spot'

Representing the United States Chamber of Commerce, George N. Imrie called in Nevada City Wednesday afternoon to look conditions over in this district. Although Mr. Imrie's headquarters are in San Francisco, he maintains an office in Napa to better facilitate his covering the Northern California territory. The entire northern part of the state from Salinas up is visited by Mr. Imrie from either the San Francisco or the Napa office.

According to our visitor, reports from the United States Chamber of Commerce indicate that conditions are very much better in this part of the state than in Southern California. From a business standpoint, the Nevada City district appears to be doing better than any of the other Northern California sections. Therefore it looks like Nevada City is the brightest spot in the state.

Reports from the Chamber of Commerce's office in Washington, D. C., indicate that business has been on the upturn since the election. Larger institutions and business houses are preparing for a rush of business that i expected in the near future.

Indications gathered from a survey of stocks maintained by storekeepers throughout the nation indicate that too little stock is being held by most of them to take care of the impending buying rush. Consequently, when business picks up, many stores will not have stock enough to meet the buying public's demand. The business impetus will be halted by the delay in recuring adequate stock to meet the situation, according to Mr. Imrie's statement.

One reaction to conditions is seen in the fact that of late business men throughout the nation are paying more attention to national affairs states Mr. Imrie. He says that the United States chamber of commerce is bringing things that are improving in general business to the attention of their representatives, who in turn pass the news on to the public.

The United States Chamber of Commerce is hoping for a reduction in federal expenditures soon. In order to aid in that direction it is hoped that a general manufacturers sales tax will be established. There is a very good possibility of that going through. The manufacturers of the country are not against it. On the contrary, they seem largely in favor of it .

Financially, the excise tax that was inaugurated last July is not a success and it will not balance the budget according to Mr. Imrie. The anticipated returns from the tax are very much lower than government officials had figured on.

Mr. Imrie is thoroughly convinced that the two cent postage for letters will return next July. Many business men are now using postal cards when ordering material. Other people have cut down a great deal on their letter writing. As a result, the postal returns from the nation have taken a drop since the inauguration of the three cent letter.

The nation's outlook in general appears to be somewhat brighter and indications are that 1933 will be a successful year for the average American, our visitor stated.

TOWN BASKETBALL TEAM TO MEET SATURDAY AT 8

Announcement was made yesterday that a meeting will be held tomorrow night at the chamber of commerce rooms at eight o'clock for all people who are interested in the establishment of a city basketball team for this season. Potential players, managers, coaches or spectators are invited to be present.

One of the main topics to be discussed will be in connection with the use of the Redman's Hall for the games. There is some doubt at this time about whether the hall will be taken over by some organization other than the Redman Lodge or not. The Redman's Hall is the only place in this city where basketball games can be held. Last year the city team was very successful in wining 13 out of 16 games and by so doing brought much attention to Nevada City. In this day it is almost unheard of for a city the size of this one not to have at least one team to represent them.

In some cities large stores or companies sponsor basketball teams and have them play under the name of their company of such-and-such a city. As a form of advertising this plan has proved to be very successful especially in the east and middle west. Of late years, many stores and companies in California are following suit.

It is hoped that some plan can be arrived at by which this city will be represented by a basketball team for this winter.

SUCCESSFUL BENEFIT PARTY BY P. T. A.

There was an attendance of 60 at the card party Tuesday afternoon at the pretty apartment of Mrs. W. E. Perry in the Ponticeli apartment house. This is the first of a series of parties to be given by the Parent Teachers' Association for the benefit of their fund which carries on child welfare work.

Mrs. O. E. McCraney won first prize at bridge-whist, the prize being a big pure white duck that had a large bow of bright red ribbon tied around its neck, and caused much merriment. Mrs. J. J. Jackson won second prize.

Mrs. Annie Hooper and Mrs. Stephen Walsh, were prize winners at whist, while Mrs. Arthur W. Hoge was awarded the Mah Jongg prize.

Mrs. P. Harris, chairman of the refreshment committee, served a dainty luncheon.

SPRING HILL MINE MAKING PROGRESS

Good progress has been made at the Spring Hill mine, one mile east of Grass Valley, on the Nevada City Grass Valley road. Thirty-three feet of tunnel has been sunk as the first of the 200 feet of proposed sinking, since the 18th of November.

The old shaft which was 200 feet in depth was begun in 1870. The management plans to drift at least 1,000 feet when the 400 foot level is reached. They expect to strike the vein at that depth and will drift on the vein.

Twelve men are at present at work on the property. Electric power has been run into the property. An electric hoist, compressor and drill have been added to the equipment.

The property was acquired recently by the present company from Mr. Lakeman of th old Grass Valley Foundry whose family has owned it since 1870.

There is a well defined vein running across the property for 2,400 feet. The formation is the same as that of the Idaho-Maryland, which adjoins it and has the same formation in serpentine and diabase as has the Idaho-Maryland.

H. R. Plate is the manager in charge of the property.

PUBLIC WORKS HEAD MEETS CO. SUPERVISORS

Yesterday at two o'clock in the afternoon, Earl Kelley, Director of Public Works for the State of California, met with the supervisors of Colusa, Yuba, Sutter and Nevada counties in his Sacramento office. All of the supervisors from the 4 counties were invited to attend the meeting.

The topic for discussion was the completion of the Tahoe-Ukiah highway. It is not known whether the financial help necessary to complete the highway will be included in the State Highway Commission budget for the coming year or not.

R. A. Eddy attended the meeting as the chairman of the board of supervisors of Nevada county.

DIES IN SACRAMENTO

Mrs. Vandornum went to Sacramento the first of the week to attend the funeral of her sister, Mrs. Bessie Gardner, who passed away in Sacramento this week and was buried at Sutter Creek, California. Mrs. Vandornum had the misfortune to lose her father just three weeks ago.

GRASS VALLEY MAN IS SENTENCED TO 125 DAYS

Tried in the Grass Valley Justice Court last Tuesday, Clayten S. Gillespie was found guilty of hunting at night with a spotlight and with shooting a dog. He was sentenced to 125 days in the county jail.

On the night hunting charge, Judge Oscar Winburn gave the man an alternative of serving 75 days in jail or paying a $200 fine. For the latter charge Judge Winburn gave the alternative of 50 days in jail or a $150 fine. Twenty four hours were given Gillespie to produce the money. By the following day the money was not paid, so Gillespie started his jail sentence Wednesday the 7th.

The dog shooting episode happened about six weeks ago. Gillespie was hunting at night with a spotlight in the Rough and Ready district. He shot the small shepherd family dog belonging to Miss Minnie Walters, living on a ranch in the Rough and Ready district. His trial has been postponed a time or two since that time.

EASTERN STAR LODGE INSTALLATION HELD

Installation services were held by the Eastern Star Lodge last Tuesday night at the Masonic hall in this city. Especially delightful services were had with the winter spirit being carried out by beautiful decorations of Christmas red berries. Tasty refreshments were served after the cerimonies.

A complete list of officers installed is as follows:

Worthy Matron, Mary German; Worthy Patron, Joe Stenger; Associate Matron, Lydia Gleason; Associate Patron, Wade Armstrong; Conductress, Lyda Talbot; Assistant Conductress, Kate Eddy; Marshal, Ethel Coughlan; Chaplin, Clara DeBak; Secretary, Alice Cooper; Treasurer, Jamie Hall; Organist, Maud Hays; Ada, Mary Meservey; Ruth, Alice Davies; Esther, Elizabeth Leiter; Martha, Helen Berger; Electa, Katherine Celio; Warden, Kate Stenger; Sentinel, Annie Sherman.

Mrs. Ethel Coughlin was the installing officer with Mrs. Elizabeth Leiter the installing marshall.

After seventeen years of service as Chaplain, Mrs. Elizabeth Meservey retired from that position. She was presented with a very lovely table lamp as a gift from the chapter for her untiring loyal service.

MINING MEN CLOSE DOWN FOR THE WINTER SEASON

Working since July on a choice piece of gravel on the Middle Fork of the Yuba River about a mile above the North and Middle Fork Junction, A. H. Lyon, Don Lyon, D. T. Dale and Jack E. Walker have stored their mining equipment for the winter season and will spend the next few months in the Los Angeles district.

Their ground sluicing operations have opened up some good looking gravel near the foot of Nickols Grade. The men plan to return in the early Spring and get a good start in 1933.

P. G. E. TOOL THIEF CAUGHT TUESDAY AFT.

Workers at the Pacific Gas and Electric Company gas works in Grass Valley missed several tools last Tuesday afternoon. Upon investigation, they discovered them laying a short distance up the road. A man was walking away from them with a guilty look. The workers held the man and called for aid from Sheriff Carter's office in this city.

Under Sheriff John E. Nettell drove to Grass Valley and arrested the man who made no pretence of innocence.

The man, an itinerant, gave the name of Jim Sullivan and was placed i nthe county jail pending further investigation.

DISASTROUS FIRE ALLEGHANY

Monday last the frame house which belonged to Mrs. Post and in which the Huntingtons lived was entirely destroyed by fire, no one was hurt.

It is not known at this time whether the structure was covered by insurance.

HOOP SEASON OPENS WITH GAME TONIGHT

Local High School Team Will Tangle With Capitol City Aggregation Tonight

Announcement was made yesterday that two teams from the Hesser's Pharmacy of Sacramento will journey up to Nevada City to play against the local high school basketball teams tonight at the Redmans Hall on Broad street.

Three games will be on tap for the first basketball night of the 1932-33 season. Starting at 7:15, the high school class "C" team will tangle with the class "D" team to decide the lightweight championship of Nevada City. At 8:00 o'clock the high school class "B" team is slated to mix it with the Hesser's Pharmacy 145 poun dteam. Immediately following at 9:00 o'clock, the Nevada City high school class "A" team will step forth for their initial go of the season versus Hesser's Pharmacy Unlimited team. Both teams are out to establish an early season win and a rip-roaring contest is anticipated.

Coach Bev Barron of the high school has not decided on the starting lineups of any of his four teams. All of the boys will be out fighting for regular berths and it is assured that each will put his best foot forward.

Barron is somewhat doubtful as to the strength of his "A" team. He is hoping that they will be as good as last year's teams but is somewhat doubtful [redacted] the two weeks practice so far [redacted] as a unit looks only fair a[redacted] the mentor.

The [redacted]'s strength will be slightly [redacted]d by flu attacks on a couple [redacted]e boys. The rest of the team should be in good condition physically. A number of them went through a strenuous football season and are as hard as nails.

Admission to the game tonight will be 25 cent for adults and 10 cents for students and children.

NEVADA CITY FIRE DEPT. FEED AND MEETING THURS.

Yesterday evening at 6:30 the Nevada City Fire Department held a big turkey dinner at fire house No. 2 on Broad street. The meeting was called by the Pennsylvania Engine Company No. 2 as their regular meeting for the month. Members of the Nevada Hose Company No. 1 were invited to attend as the guests.

After the royal dinner, the Pennsylvania Company held their regular business meeting, at the conclusion of which both companies joined in a department meeting. Fire Chief Byron Landrigan took charge.

The department discussed plans for their annual ball to be held New Years Eve. Various committees were named and men in charge appointed.

As to the question of the Fire Department taking over the Redman's Hall, a board of firemen delegates was established for definite investigation and action.

H. B. JONES PUTS IN A MOTION FOR NEW TRIAL

Harry M. McKee, Nevada City attorney, in behalf of his client H. B. Jones, who was recently sentenced for shooting his wife, put in a motion for a new trial before Judge Raglan Tuttle last Wednesday. The motion was argued and Judge Tuttle will render a decision as to whether or not he will grant the motion for a new trial.

December 16th was set as the date for Judge Tuttle to pass his decision.

THE GOOD WILL TOUR

There should be a lot of benefit result from the recent visit of the members of the Sacramento Chamber of Commerce. The big meeting at Grass Valley was featured by several fine speeches and those who were present came away with a better understanding of many problems, both local and general.

The speech of Ed Barker of Grass Valley was particularly illuminating. Mr. Barker has an understanding of world conditions that he has acquired through extensive travel as a mining engineer. His discussion of foreign conditions and their affect on economic conditions in the United States brought out the fundamental fact that the debased currency of foreign countries who have gone off the gold standard is the principal reason why European manufacturers are able to pay the American tariff and still undersell the American manufacturer. It is too bad that lack of time prevented Mr. Barker from elaborating and further explaining his theory as to how this situation is to be met. But the editor of the Nugget gathered the impression that some readjustment of the gold standard is necessary. According to Mr. Barker this does not mean going off the gold standard but it means a fundamental readjustment in the gold content of the American dollar. France has not gone off the gold standard but the value of the franc has been changed so that France is able to keep on a competitive basis with other European countries who have gone off the gold standard. This is a big subject and one that is very little understood, but there is no doubt it has a very important bearing on our foreign trade and also has a lot to do with the fact that Japan and other foreign countries are able to pay the American tariff and still undersell American manufacturers.

As regards purely local problems, Judge Raglan Tuttle pointed out the [illegible] need of completing the gap in the Tahoe-Ukiah highway. This probably means more to this section than any other thing. Judge Tuttle handled this subject very well and showed the Sacramento visitors that anything they could do in helping get this highway work completed would be a very practical service to Nevada county .

It is believed that the meeting in Grass Valley will result in better relations with the Capitol City and that the information gained by those present will help in solving many problems and bring about a co-operation which has been heretofore lacking. Nevada county is an important trade area of the Sacramento wholesale houses. The members of the Sacramento chamber of commerce no doubt learned many things about this district which they did not know.

Increased

BUYING POWER of the dollar justifies the return to normal spending

THOUGHTFUL PEOPLE all over California are returning to normal buying habits—and they are getting some of the greatest values of their lives. Building materials, automobiles, clothing, food stuffs and high grade merchandise of every kind are being sold at temptingly low prices.

Now is the time to take full advantage of the increased purchasing power of the dollar, stimulate every line of business, and return the unemployed to their jobs . . . Even reduced incomes are balanced by corresponding reductions in the prices of nearly all commodities. There is no excuse for not satisfying one's normal needs . . . Prosperity depends largely upon both *banked* and expended money. Until idle money circulates freely, unemployment will continue to be with us. The return of good times is strictly up to each one of us . . . Think it over.

HEADACHES

HEALTH TALK

By Dr. H. L. Jones The X-Ray Chiropractor
Nevada Irrigation District Bldg. 138 S. Auburn St. Grass Valley

Many thousands of people suffer because of headaches, some of them for many years, and during that time have been continually treating the effects in one way or another, rather than getting to the fundamental basis of what is causing the inco-ordination.

Headaches which are due to abnormalties in the tissues within the skull are known as organic; those which are due to abnormalties in other parts of the body are called functional. Organic headaches are as a rule chronic, occurring in exacerbration, but never as a rule entirely absent. This type of headache interferes with sleep and is made more pronounced by any form of physical or mental activity.

Functional headaches on the other hand increase in severity and eventually may terminate by the patient's falling asleep, and arising with no symptoms whatever. Symptoms of vomiting, dizziness, mental inactivity are common with either type of headache.

Headaches are not classed as a disease, but are symptoms of something wrong somewhere else in the body, and is Nature's way of letting you know there is something wrong. Headaches are most always present with inco-ordinations of the stomach, liver, bowels, kidneys, etc. Remember if you have any of these conditions it is because of an impingement of a nerve as it passes between two bony segments of the spine on its way to the effected part.

We do maintain and our contention is based upon conclusive knowledge that every organ in the body in order to be normal must be supplied with its full quota of mental impulses or vital energy. These mental impulses are originated by Innate Intelligence, with which each living unit is suppled. The only path whereby they may be transmitted to their ultimate destination in the tissue cells is through the nerve fibres originating n the brain, emitting through the spinal cord and branching as an intricate network to every tissue cell in the organism. It is further conceded that the only places in the body where any interference is possible with the transmission of these impulses is at those points where the nerves emit from the spinal cord and are subject to the pressure of the hard bony segments of which the spine is conposed.

Is your spine in perfect condition? NO! I know it is not, for I have yet to find a perfect adult spine.

Permit me to make a suggestion. Have your spine X-Rayed and see for your self if any of the bony segments are out of place. You cannot enjoy good health if one or more of the vertebrae of your spine is out of its normal position. Many Nevada county people are regaining their health by the service of this office. You too, could be doing the same. We are glad of the opportunity to help you. Phone 144 or call at office and make your appointment.

CAMPTONVILLE WOMAN PASSES AWAY AT AUBURN

CAMPTONVILLE,, Dec. 2.—Mrs. Fannie Groves Fulton passed away at the home of her daughter, Mrs. Virginia Fleming at Auburn Tuesday morning after a brief illness. Mrs. Fulton was a native of this place, being the daughter of Dr. Groves, a pioneer of this section.

Deceased spent a week here visiting a few months ago renewing old acquaintances and reminiscing the days of her girlhood. She was a very genial and jovial disposition and a favorite of her many friends. She was 76 years of age at the time of her death.

She is survived by two daughters living at Auburn and one residing at San Francisco. She was a cousin of Misses Mary M., Lydia O. Graves of this place. She was a member of the Rebecca Lodge at Auburn. Funeral services will be held at her home in the Placer county seat.

FUEL PUMP FREEZING

When the temperature is at the freezing point, moisture sometimmes will cause the fuel pump to freeze, according to the Free Emergency Road Service of the California Automobile Association. When this occurs the car usually will run until the fuel in the carburetor is consumed and then stop. Application of heat or hot water to the fuel pump is a temporary remedy.

WATCH RADIATOR HOSE

Replacing the radiator hose with a new one should be done at least once a year ,suggests the Free Emergency Road Service of the California State Automobile Association. The inside of the hose deteriorates and allows shreds of rubber and lining to pass into the radiator. This may cause stoppage of water circulation and result in overheating.

SPEEDOMETER NOISE

When the speedometer becomes noticeably noisy, the flexible tube through which the drive shaft passes should be examined, advises the Free Emergency Road Serivce of the California State Automobile Association. A sharp bend in the shaft sometimes will cause excessive noie.

MOUNTAIN WATER NOW TOO COLD FOR BATHING

CAMPTONVILLE, Dec. 2.—William Wensel, of Berkeley, who built himself a summer home on Oregon Creek, a mile south of town, and who is spending several months here, started a style last summer of taking a daily morning plunge in the creek, and endeavored to keep it up, and did so until two days ago when the cold water got the best of him. Recent storms put a layer of snow in the higher lands, and the waters of Oregon Creek are coming from this snow, making his dip in ice water just a little too invigoating.

NEWS COMMENT

By Christian Andersen

Camptonville store of Meek and Company, are featuring a product which in the ordinary sense of commercial buying or selling does not receive much publicity and yet which has many uses we are speaking of beeswax. This particular beeswax was produced by Mr. Fred Joubert and is of extra fineness; also where there is wax there must be honeyy, we mean that trickly clear apetiteenticing kind made by mountain bees from mountain flowers, well you know which we all like to watch as it flows onto those morning pancakes.

George Langley is finishing a new six room house in his park. He also plans to build some new cabins to care for the summer tourists. Geo. is a hard worker which is evidenced by the fact that he has taken a wild looking mountain canon and made it into one of the beauty spots of this region.

Henry Huckins of North San Juan is going to remodel his store. Some of the material is already on the ground and we understand at this writing, that one of Nevada City lumber company's got a part of the material contract, well why not buy from your neighbor.

The moral is that part of this money stays in the county and so benefits all of us.

News item says silver drops one more eighth of a cent and thats bad news to the silver mines. Too bad the Pittman Bill could not have been made perpetual instead of only running for twenty years. Perhaps someone will reenact another bill which will guarantee the silver mines a fair investment return .

A strange thing happened last week or at least it has never come to our notice before. One of our public servants, (Jerry Seawell) came out flat and publicly asked his constitutes to tell him what they wanted done by him when he goes to represent the district at Sacramento when the legislature meets in its next session and whether he gets any response to his query will show how interested we are in politics at any rate Mr. Seawell is to be commended on the idea.

One of our readers in the territory up north in commenting on last weeks column, said that he had always favored Nevada City with his business but nevertheless 'he liked the idea of boosting Nevada City, in fact he says, "In these days of competition it pays to go out after the business."

Sacramento is sending a good will caravan into this territory to boost for Sacramento industry and jobbing houses. Nevada City can well afford to take heed. Let us go into that north territory and meet those people too.

The venetian glass blowers were supposed to be the best glass blowers. They were not however the first to utilize silica for the making this much used material. Recently glass cups were found in a very old viking grave in Sweden. The Venetians first found that silica would fuse, if subjected to great heat and the next step was not so great to make it commercial.

The glass objects you will buy for some dear one for Christmas is the result of some early findings of some scientist of many centuries ago.

Much is being said about slashing of this or that budget Here's a hope that our higher ups will do something about it besides talk. Our own budget has sure been sliced, until if we cut off any more we just won't have any budget at all.

News item says that 200 strikers fight police in Vacaville, we do not know the MERITS or demerits of the case and no doubt there are things to be said on both sides, but it seems to one on the fence that aii this violence could be avoided. The business of laying the blame for the disorder at the door of some organization or other makes good reading but it does seem that fighting and disorder could be left for animals who are not thinkers.

The repeal vote 272 for and 144 against, that two thirds majority rule is a powerful weapon. Of course the fact that the wets had a clear majority of 128 votes in no way affects the net result and thus we have the spectacle of again seeing the peoples will refeated by political chicanery and political machinery. Which no one understands All we know is, that for the present we get no good wine nor can we wet our whistle with well made properly matured beer.

And California suffers because she has no market for her harmless wine. Some day the people will speak again and then the politicians will do the bidding of their real masters THE PEOPLE.

That $450,000,000 slash in veterans aid could no doubt be done without injury to any one, all other things being equal. We know our story which should be public property viz; that there are on the pension books of the United States 6,600 reserve officers drawing from $125 to $280 per month FOR LIFE and some of them actually served not one day in the Army. Others anywhere from 1 day to a hundred or so days. There certainly is something awry here.

Governor Rolph saved the state of California, (so he says), $1456.03 in interest, by delayed signing of $725,000 C alifornia State Park Bonds, thats not bad for one days reckoning and we who are on the paying end could encourage this kind of thing with loud cheers.

That man in Georgia, who was sentenced to the chair fo rkilling some relative and then put in jail and there forgotten, says it was all supernatural, well any way he can testify to the fact that to err is human and in his case very beneficial, for he is serving only a life sentence since he has again been found.

The writer has in his possession, a letter from Knute Rockne, possibly the greatet coach since the game began and thee is a twings of the old heart to think that men like Rockne must cease to function. Rockne was more than a coach, he was an inspiration.

The California Mining Journal carries a tsory about the homestake mine at Lead, South Dakota. The writer has been in this wonderful property and to say that it is impressive is indeed putting it mildly and there are many potential homestake mines in and around Nevada City. All it takes is careful planning and some money to make them but don't forget that the investor is entitled to a square deal and in most cases will demand a run for his money.

Editor The Nugget
Nevada City Calif.,
Greetings:

"Shopping in The Twin Cities." There are actually so many angles to this thought and so many reasons why one should buy in the Twin Cities that ideas rush pell mell, hoping for expression. I shall however in this short time, express only a few of those which seem to me to carry the most weight.

It is apparent that one can buy everything from a needle to a threshing machine, in any quantity or quality, desired at prices that are more than favorable to the customer, by quality for quality comparison, which obviates us moving more than four miles in any one direction to satisfy our wants. Hence economical.

The merchants who serve us in this community no doubt have a neighborly interest in us, aside from the economic possibility of making money on our purchases. This neighborly interest will almost certainly "give us the breaks," if any.

Further, those of us who earn our money in this community should be most willing to put it into circulation RIGHT HERE, for the benefit of ourselves and the Twin Cities.

In this community all of us live directly or indirectly from the gold taken out of our mines. So gold should be counted as the FUNDAMENTAL WEALTH of the Twin Cities.

And any gold which finds its way into commercial channels other than through the establishments of our local merchants has forever lost its usefulness to the Twin Cities.

The moral is: "Buy All You Can From Your Home Town Merchant and Keep the Twin Cities Progressive."

A WISE MAN

There was a man in our town
And he was wondrous wise,
He called upon the editor
And said, "I'll advertise;
You editors work over time
To bring us all the news,
And you can't keep that service up
If we our help refuse.

There was a man in our town—
Of course you'll think him wise,
He called upon ye editor
And much to his surprise,
He said, "I think I will subscribe,
And pay my bill today; The editor made
gasping sounds
And fainted dead away.

There was a man in our town
And he was truly wise,
He called upon the editor
And looked into his eyes;
He said, "I'm going to help you boost
Our county and its cities,"
To hide our light or blow it out
Would be ten thousand pities.

There was a man in our town
And much to our surprise,
He made his purchases at home,
And that of course was wise;
For when he traded with his friends
With Tom and Frank and Jim,
The dollars that he spent with them
Came rolling back to him.

DORIS PAVILLA WINS $5 MERCHANDISE ORDER

Doris Pavilla, of Lake Olympia, wins the five dollar merchandise order this week for having contributed the best editorial on "Shopping in the Twin Cities."

This is an easy way to win five dollars, and we would advise others to try their hand at writing an article on this subject. For an hour's work and a little thought you can win a five dollar merchandise order good on any store advertising in the "Trade at Home" pages.

The Nugget's trade at home campaign has won a lot of favorable comment. The Twin Cities have some fine stores, and they should be patronized. The dollar that goes to other towns never comes back. Come on everybody! Anyone living in Nevada county is eligible to write an article on the above subject.

NEW DOCTOR WILL SOON LOCATE IN NEVADA CITY

Doctor William F. Shamlee, of Lemoore, California, is coming to Nevada City next Monday or Tuesday to locate here. He is a graduate of the University of California Medical School and has offices at the location formerly occupied by Doctor Werner on Broad Street. He was a resident physician at the University Hospital at San Frnacisco, for a year or more and comes very highly recommended.

We wish the new M. D. every success in his new location.

SNOW FALLS IN THE UPPER SIERRAS

Although the last storm brought nothing but gentle rain to this section, the weather has taken on a much colder aspect and reports of heavy snow had been received from the upper part of the Sierras.

State trucks were sent to break through the heavy snow for 15 members of the road crew that have been stationed at Tuolume Meadows.

About six inches of snow fell at Norden near the summit with about five inches at Donner and the State crews were called into action for the first time this winter.

The causal observer has but to look at the high points surrounding Nevada City to verify these reports. Overcoats are the style these cold mornings.

San Jose—J. G. Masel, opened a grocery store at 50 E. Santa Clara Street.

SIERRA COMPANY MINE TO RESUME WORK

News has reached us this week of the contemplated reopening of the True Grit Mining property nine 9 miles north of Camptonville.

The True Grit property comprises a huge deposit of virgin gravel which has proved out to be very good values. The company this fall washed ground using the water from Oregon Creek, fed by pumps that were operated by a gas engine. This was merely experimental and now that the work has proved to be practical the gas engine will be replaced by electric power to be furnished by the Pacific Gas and Electric Company from their Alleghany line.

O. A. Johnson, of Sacramento, is president of the corporation.

God's Gift

TO SUFFERRING HUMANITY

Man, with all his knowledge and progress, has found nothing to equal the health-giving herbs that God put into the ground to help mankind.

Hundreds of the sick given up to die by doctors have been restored to vigorous, sturdy health by the correct use of herbs. Sleepless nights, days of suffering and weakness have been banished—and are being banished daily.

Over 3,000 varieties of pure, natural herbs are ursed by the Chinese herbalists. For 4,000 years the knowledge and experience of eminent Chinese physicians in blending and preparing pure, natural herbs has been recorded and handed down. There are now formulas for the permanent relief of almost every human ailment—formulas which have been proven by centuries of success! There is no guess work in Chinese Herbal science.

From Our Correspondents

ALLEGHANY

ALLEGHANY, Dec. 5.—Miss Eva Owens motored to Forest to see her uncle, Walter Evans, who is very ill.

Thanksgiving Day was very pleasurably spent in our little town. The day was nice and sunshiny and different people entertained their own folks and friends by having a nice turkey dinner and everything that makes a dinner complete.

Mr. Raymond P. Hawkins, postmaster and general merchant, motored to Nevada City for a few days.

Mrs. Mary Meehan and Miss Sara Kellighan took their departure for the bay region for the winter. They were accompanied as far as Sacramento, by Art Mreu and John Raymond Green. Raymond continued on to St. Mary's College at Moraga where he is a student.

Edwin Godfrey was a visitor in our town.

Mr. Parker, formerly of "The Speciality Shop" in Grass Valley, was here for a few days with a complete line of suits, dresses etc, and Christmas novelties.

Mrs. Dereley motored to Sacramento to bring her son, Freddie home for Thanksgiving, as he is attending the Christians Brother's high school.

We were all saddened to hear that Walter Evans of Forest, had passed away, as his home at 25 minutes to 5, Sunday morning. Walter will be missed by a host of friends and sincere sympathy is extended to his aged mother, sorrowing wife and other relatives.

Mr. and Mrs. Clayton Johnston, Mrs. W. B. Hardie, Mr. and Mrs. Edwin Kinkel, Mr. John Connell, Mr. Pat Sheppard, Dalbert Coleman, June Bishop and Buelah Hill, attended the funeral of the late Walter Evans in Forest Wednesday, from the Methodist Church which was conducted by Rev. Buckner.

Wednesday afternoon it rained very hard and finally turned into snow. Didn't amount to much, only a few inches falling here.

Today Saturday December 3, is a very nice beautiful day. Just like Spring.

Mr. and Mrs. Ed Keleher have taken their departure for Portland, Oregon. They will be missed by their friends.

Mrs. Edna Stackpoole was the house guest of Mrs. Fred Dereley.

Candy is an acceptable Christmas gift. Colley's Confectionery has a complete assortment.

FRENCH CORRAL

FRENCH CORRAL, Dec. 7.—Our weather continues clear and cold. with light frost at night. Tuesday night was the coldest we have had.

Influenza is quite prevalent in this section and a number of school students are unable to attend their classes. Several of the older set also are suffering from the malady.

Charles Rickard and Chester Cook left for Oregon last Saturday. Mr. Rickard received a telegram stating that his mother was dangerously ill.

Mr. and Mrs. Porter, late of Downieville, are new comers in French Corral.

Allen Warren of Los Angeles was a last week visitor. He is interested in mining.

Miss Eunice Reader returned to College City where she teaches school, after spending Thanksgiving with her parents, Mr. and Mrs. F. Reader of Sweetland.

J. Swazey made a trip to Nevada City Saturday to take J. Schiver to consult a doctor. Mr. Schiver is suffering from an attack of poison oak. L. Haslett and Mrs. A. Browning accompanied them on the trip.

M. J. O'Connor of Birchville and sister, Miss Therese, and Mrs. Margaret Madden, had business in Nevada City and Grass Valley Saturday.

Mr. and Mr. E. E. Wilkins and Mr. and Mrs. H. Blaney of Sacramento, visited the O'Connor family and Mr. DePratti last Monday.

Miss M. H. O'Connor, who has been visiting at the old home in Birchville, returned to Grass Valley Tuesday morning.

Clyde Bishop and Miss Katherine Raymond of Marysville, who were married in Nevada City last Friday, visited relatives in French Corral on their return trip. They expect to return to French Corral very soon, when a grand charivari is promised them.

Mrs. K. Sullivan made a business trip to Nevada City Monday. She was accompanied by L. Haslett.

CAMPTONVILLE

CAMPTONVILLE, Dec. 4.—Julius E. Pauly motored to Marysville Saturday on a short business visit.

Mr. and Mrs. Jack Gillan have moved into the cabin at the Cold Spring Service Station for the winter.

Ray Knickerem, arrived Friday from Mohawk on a visit to his sister, Mrs. J. E. Pauly.

Mr. and Mrs. G. D. Kibby of Cleveland, Ohio, left Saturday after spending several weeks at the Cold Spring Service Station.

William A. Lang, proprietor of the Lang Garage, motored to Marysville Saturday on a brief business visit.

Louis Williams and mother, Mrs. T. J. Williams of Dobbins arrived Saturday to spend the week end visiting relatives at the Hotel Francis.

Charles L. Wilson, Jr., and James L. Joubert, returned to Sacramento Sunday after spending the week end with their parents here.

Miss Helen L. Jackson, primary teacher, left Sunday for San Jose to spend the winter vacation at her home there.

William H. Hopkins and son of Sacramento, was in town Sunday on a short visit.

Mrs. Grace Pauly, Mrs. Kate Hope Livingston and Miss Helen L. Jackson, were dinner guests of Mrs. F. J. Joubert Saturday evening.

C. W. Almes returned Friday from Los Angeles, where he spent a few days on business.

Mr. and Mr. Elwood C. Schurr, are moving from Indian Hill mine to the Nuttall house at Oak Valley where they will reside this winter.

Mrs. Lola B. Cleveland returned Sunday from a brief visit at Marysville.

Miss Wanda Chatfield left Sunday for her home at Pike City after several days visit here as guest of Mrs. Albert Hamilton.

CAMPTONVILLE, Dec. 6.—Forest Ranger Frank W. Meggers was in Marysville Saturday on a brief business visit.

Winsmore Chapman celebrated a birthday Monday.

Miss Lola M. Labadie arrived Sunday from Browns Valley on a short visit with relatives at the Hotel Francis.

Paul Smith of Downieville, was in town Monday on a short business visit.

Mr. and Mrs. Perry Carr passed through town Monday from Rebel Ridge, enroute to the Alleghany section.

Mrs. M. J. Cunningham and granddaughter Miss Dorthea Mark, motored to Marysville Saturday.

Mrs. Rachael M. Labardie, motored to Marysville Monday on a short business visit.

Si Perkins, lineman of the Pacific Telephone and Telegraph Company of Grass Valley was in town Monday.

Ed Lang and brother Jim Lang, motored to Twin Quartz mine Monday on business.

CAMPTONVILLE, Dec. 7.—A. J. Heether, of the Grant and Heether Lumber Company, has been confined to his home at Nevada City for the past week with an attack of the flu.

Mrs. Acton M. Cleveland, motored to North San Juan Tuesday on a short visit with relatives there.

Thomas Wayman of Pike City, was in town Tuesday on a brief business visit.

Fred Siefles of San Francisco, who spent the summer near the R. H. Deal claim, left Tuesday for his home at the bay.
